### EDUCATION

---

- 2016** **Bachelor of Architecture**  
New Jersey Institute of Technology  
College of Architecture & Design  
Newark, New Jersey
- 2015** **Study Abroad**  
Università degli Studi di Siena  
Siena, Italy

### PROFESSIONAL EXPERIENCE

---

- 12/2018 - present** **CORGAN**  
Aviation  
New York, NY
- Project Designer  
Working on John F. Kennedy Airport Terminal 6 on Schematic Design. My duties involve planning, designing, 3d modeling, physical modeling, and working with consultants. My roles have also included producing solar and daylight analysis for the Terminal.
- 10/2015 - 12/2018** **Kimmerle Group**  
Kimmerle Newman Architects  
Morristown, NJ / New York, NY
- 01/2017- 12/2018  
Architectural Designer  
Worked on corporate exterior and interior projects; types of work included designing, construction documents, graphic illustrations; 3d modeling, marketing plans and test fits; involved with master planning for residential, commercial, and public use developments.
- 10/2015 - 01/2017  
Architectural Intern  
Have been involved in the design of high rise competitions, workspace, and brand design; my duties were: designing, construction documents, renderings, and 3d modeling; attended site surveys for both corporate and residential projects.
- 05/2016 - 08/2016** **ARCHI[TE]NSIONS**  
Brooklyn, NY
- Consultant  
Hired to work on an architectural competition; my objective was design development, animations, renderings, 2d drawings, and presentations; project 'Rising Ryde' was shortlisted (top 4); 'Rising Ryde' is a civic center located in Ryde, Australia.
- 06/2014 - 08/2014** **Passacantando Architects**  
Morristown, NJ
- Architectural Intern  
Primarily worked on residential architecture; worked on BIM modeling, renderings, web design, and branding; primary use of software was ArchiCAD to develop 3d models and construction documents; translated existing house conditions to BIM, prior to design.
